With four great mountains, nearly 5,300 acres of terrain, two great towns, over 100 bars and restaurants and dozens of great events, there is more going on at Aspen/Snowmass than you could ever hope to cover in one short week! Aspen Mountain is known worldwide and the quintessential mountain for skiers and riders. With the Silver Queen Gondola and legendary steeps and deeps, the mountain that sits at the foot of Aspen deserves its bragging rights. Aspen Highlands is the locals' favorite of Aspen/Snowmass' four mountains. This intimate but extensive mountain boasts the epic Highland Bowl as well as gentle, rolling blue runs. You have to start somewhere and there is no better mountain for that than Buttermilk. Yes, Buttermilk is home to the ESPN Winter X Games which sees skiers and riders flying through the air, but it is also the home of one of the finest ski and snowboard schools in ski country. On Buttermilk people of all ages can comfortably learn to ski and ride and expand their skills in just days. *But the real jewel in the crown of this incomparable mountain region is Snowmass, big and expansive, a world-class ski resort renowned for its slope-side lodging and the greatest cruising runs in the world. Over 3,000 acres of incredible terrain: about as big as it gets, about as good as it gets.*
